

DIDSBURY PIONEER

Vol. XX

WEDNESDAY, AUGUST 22nd, 1923.

No. 33

AROUND THE TOWN

Miss E. Hunt, of Calgary, is visiting with Mr. and Mrs. J. Russell.

Mr. and Mrs. Harry Reiber left last week for a visit to the Coast.

Mr. and Mrs. H. Hawkes and family are spending a few days at Sylvan Lake.

Miss Nora Campbell left for Banff last Saturday to visit with Miss Evelyn Liesemer.

The Misses Ruby Hunsperger and Nan Johnston are visiting with Miss Pearl Sterling in Calgary.

Mr. James Clarke of Chambers Drug store has returned from a two weeks holiday in Saskatchewan.

Mr. Archibald of the Union Bank staff has gone to Calgary for medical treatment on a sore ear.

Mr. Morgan Greenman has just arrived from Ontario after spending a few years there.

Mr. Howard Ryckman and a boy friend from Bellingham, Wash., are here visiting relatives.

Miss Alice Greenman of Staveland is visiting her grandmother, Mrs. A. Greenman and relatives.

Mrs. G. Jack of Calgary arrived in town this week to join her husband who is working here at present.

Mayor H. W. Chambers and E. E. Freeman left on Sunday for a ten day trip over the Banff-Windermere road.

Mr. and Mrs. J. A. Knoepfli and family of Calgary spent the week end at the home of Mr. and Mrs. Allen Hunsperger.

Mr. Percy Seal is receiving Mr. McGhee at the station. Mr. McGhee is spending his holidays at Edmonton and Sylvan Lake.

The Salvation Army Band will give a concert on Dr. Clarke's lawn at 1 p. m. on Labor Day, Monday, September 2nd. Come on out and hear them.

On Sunday evening, September 2nd, at 7.30, there will be a mass meeting in the M. U. C. Church, Didsbury, for women and girls only, followed by a mass meeting for men and boys only, at 8.15. A full attendance is requested.

GRADE VIII RESULTS

The following Grade VIII pupils were successful in their final exams and passed by their teacher, Mr. W. Grant: Albert Arlouchon, Melvin Huget, Charles Reed, John Freeman, Ophelia Liesemer, May Pearson, Eda Pearson, Edythe Bricker, Howard Evans, Robert Hood, John Freeman, Gordon Brubacher, Elwood Evans, Feter Nenak, Audrey Patterson, Evelyn Roper, William Thompson, Helen Paton and Wayne Stauffer.

Those who wrote the Departmental exams, and passed were: Jean Russell, Lloyd Bender and Roy Guy.

One good thing about telling the truth is you don't have to remember what you say.

The best way to avoid grounds of suspicion is to keep off the grounds.

Don't wait for the business to pick up, pick up the business.

AN ENJOYABLE TRIP

A number of Didsbury residents including Mr. and Mrs. Edwin Weber and daughter Una, Mr. and Mrs. Alvin Hunsperger and daughter Lola, Mr. and Mrs. Allen Hunsperger and two daughters Grace and Edith and son Lynn, Mrs. M. Weber and daughter Reta and Mr. and Mrs. Eph. Weber of Saskatchewan and Vera Haden of Crossfield have returned from a very pleasant and interesting trip of twelve days touring through Cardston viewing the Mormon Temple which has been open to the public for inspection. The architecture and interior furnishings were very attractive and well worth going to great a distance to see. After leaving Cardston the party journeyed to the Waterton Lakes where they camped and enjoyed the grand scenery of the lakes, mountains and gorgeous falls. From there going to Fernie viewing the Frank Slide and Crown's Nest Pass, then to Cranbrook, Windermere and Banff where they spent a few days taking in the wonderful sights and enjoying the baths. The weather was ideal all the time and on an average the roads were good, but they say they did not see any better place than Didsbury.

HOME BANK SUSPENDS PAYMENT

TORONTO, August 18. Owing to serious impairment of the assets of the Home Bank of Canada caused by losses sustained in a number of large loans and investments it has been deemed advisable that the institution should suspend payment. Depositors are vitally affected.

Announcement of this effect was made late yesterday afternoon following a meeting of the board of directors at which A. Calvert, recently appointed General Manager, presented a report which according to an official statement issued later was of a serious character. The report showed that immediate liquid assets of the bank have been practically depleted.

Negotiations with other banks for the absorption of the Home bank having proven futile, it was found necessary to close the doors of the institution. The affairs of the bank will be administered by A. D. Barker manager of the Toronto clearing house who has been appointed curator under the provisions of the Bank Act.

It is understood that he will be required to present a report within three months time, when the Canadian Bankers Association will decide upon what further action is to be taken. Mr. Barker has been manager of the Toronto clearing house for the past six years and previously had long service with the Bank of Toronto, holding the position of Supervisor when he resigned.

An exchange tells of a printing office in Kentucky being opened by prayer. This is a rare exception to the rule, as from time immemorial it has been the custom for printing offices, that could afford such, to be opened by the devil and closed by the sheriff, until the supply houses declined to give extensive credit to irresponsible country printers.

Death of C. L. Peterson

One of Didsbury's old timers and most prominent characters of the town passed away at his home here on Saturday morning at about five o'clock.

Mr. Peterson was born in Berlin, Ontario, now Kitchener, in the year 1816. In 1901 he moved out to Inuit, left where he farmed for about a year before moving to Didsbury. Arriving here he took up the business of conveyancer and held the position of Notary Public and Justice of the Peace here up until about four years ago when he had a stroke which greatly impaired him. Since that time he has led a retired life. Mr. Peterson aside from his large business was a strong politician and a leader in the Liberal ranks in Didsbury with considerable influence. In the Masonic Lodge here he was a Past Master. He was a man with a strong temperament and rather eccentric but leaves behind many friends who will miss him.

He was the father of four children, all of whom are living: Charley, Nelson and Horations and Irene of Didsbury, who was married to Mr. Jim Reed. His wife's death preceded him by five years. They both died at the same age, 78 years.

Interment was made in the Didsbury cemetery on Wednesday, August 22nd, when he was given a Masonic funeral which was largely attended both by Masons and others.

CARSTAIRS MOTHER KILLS CHILD; ENDS OWN LIFE

Temporary Insanity Given As Cause; No Inquest Held

Mrs. G. S. Robertson, aged 28 years, wife of Captain G. S. Robertson, a soldier farmer of this Carstairs district, shot and killed her two-year-old baby boy, Ian Rogers Robertson, and then committed suicide by shooting herself through the head at 3 o'clock on Friday morning. Captain Robertson, who was out in the yard milking cows, heard the shots and arrived back in the house just in time to see his wife fall dead in the kitchen. In the corner of the room lay the body of his son who had been shot in the chest. Captain Robertson, in the hope that a spark of life remained, telephoned Dr. Henderson, of Carstairs. The mother was dead but the little boy lived for about five and a half hours afterwards.

Alberta Provincial Police were then notified and Dr. J. L. Clarke, coroner, of Didsbury, motored to the scene of the tragedy. After hearing Captain Robertson's explanation of the affair he announced that an inquest would be unnecessary.

There was once an old lady. She was very deaf and she lived on the quayside of the harbour of a very important seaport town.

One day, when there were several warships in the harbour, a salute of ten guns was fired. The old lady was alone in her cottage. As the first volley exploded she looked up, then stood until the booming ceased. As the last round died away she smoothed her dress, brushed her hair back and said sweetly: "Please, come in!"—Ex

The Art of Spending

Getting the most for your money and conquering the tendency to spend for trifles is possible only through practice and self discipline.

When possible avoid the habit of buying on credit. A good rule is "Pay as you go." Think twice and challenge the necessity of every expenditure.

"Double your Savings: It CAN be Done."

VIEWS of the Moderation League

On Some of the Problems of the Liquor Campaign.

The Prohibition forces of Alberta are prone to compare conditions as existing under prohibition, and those that prevailed under the old licensed bar. This is drawing a herring across the trail in order to prevent the defects of the present Prohibition Act becoming thoroughly understood by the people of Alberta. There is no demand in Alberta for the return of the bar, on the contrary the declaration of the moderation League is absolute that there shall be no return of the Public Bar. This declaration has been made so frequently that the Prohibitionists cannot misunderstand our meaning.

The present campaign is a demand from the government for the voice of the people upon the government sale and control of liquors with the main object of eliminating bootlegging, which trade has become a menace to the well being of this province. The intention is that the government shall secure the profits derived from the sale of liquor and thus reduce the deficits and Taxation.

A Constitutional Amendment Is Needed

The lamentable effects of the Senate's action in blocking the policy of the Government of the Canadian National Railways, the Federal Government and the House of Commons, all of which bodies were agreed upon the necessity of constructing certain branch lines, are already in evidence, and as time passes the seriousness of the blow struck at Canadian progress and prosperity will become even clearer.

Charles McDonald, M.L.A. for Prince Albert, and a man not given to exaggeration, nor one likely to be guilty of misrepresentation, is authority for the statement that settlers are already leaving the Foothills district because, after years of struggle and waiting for a railway, the grade for which has already been made, they see the Government and the elected representatives of the people powerless before an irresponsible Senate. Three elevators which would have been constructed along this line this year will not be built, while remounts and other industries cannot be proceeded with any opportunity with any hope of success.

Announcement has been made in the daily press that, owing to the Senate's action in placing their veto on the extension of the C.N.R. line from Kelvington, the Canadian Pacific has decided to proceed at once with the extension of their lines into the territory which the C.N.R. would have served, and, unhindered by Senate control, the C.P.R. has let a contract for the immediate building of their line.

Nobody can blame the C.P.R. for thus preempting the territory. It is merely good business on their part, and if the Senate will not let the Canadian National build, then the people in the district concerned will most heartily welcome the energy displayed by the C.P.R. But how can Sir Henry Thompson and the Government of the Canadian National be expected to make that system a financial success if their well considered plans for the development of business are to be nullified by the Senate?

As was pointed out in a previous article, not only do the districts to be served by these short branch lines badly need them if the settlers there are to make a success of their farming operations and become contented and prosperous citizens, but the Canadian National must remain handicapped with the thousands of miles of main lines useless and until it has many more branch lines as feeders to their main lines. And every one of the branches "killed" by the Senate would have helped materially in increasing the volume of traffic over the whole C.N.R. system.

It is useless to ask the Government to go ahead and build the lines despite the Senate's opposition. The Government is powerless, unless Parliament approves and votes the necessary money. It is equally useless to pass resolutions condemning the Senate's action unless people and organizations responsible for such resolutions are ready, willing and determined to force a complete reform of the Senate as at present constituted. The Senate is the ruin of present. Its members are quite indifferent to any public criticism of its acts, because those members know the people are powerless to do anything.

Surely the time has arrived when definite steps should be inaugurated to bring about a change in our country's constitution whereby the present members of an irresponsible Senate can be removed. The political party which has the courage to place a positive and clearest plank in its platform providing for Senate reform would undoubtedly rally a very large measure of support to its banner. Certain it is that the progressive Western Provinces will not much longer remain content to be the victims of the Senate's autocracy and irresponsibility.

Australia has the power to amend its own constitution. Why should Canada not enjoy the same right? The British North America Act was drafted, and passed over half a century ago when the powers conferred on self-governing Dominions were not so great as those granted to self-governing colonies at later periods, notably Australia and Ireland. The Canadian constitution was a broad and liberal one at the time of its enactment. But the world has progressed for since 1867, and no valid reason exists why the Canadian people should today be penalized because their Dominion was the first to be created.

The first step that should be taken, and taken at the earliest opportunity, is to obtain from the Imperial Parliament an amendment to the British North America Act conferring on the Parliament of Canada full right and power to amend its own constitution in such manner as the people of Canada may themselves desire. And if Canada asks for such an amendment in the B.N.A. Act, it is safe to say the Imperial Government and Parliament will not deny the request.

The Lengthening of Life

Modern Conditions Have Changed Old Standards by Which Men Were Judged

From 25 to 30 for the average man. Long ago a man was considered at his strongest and most beautiful between 20 and 25, at his best as a leader or fighter from 25 to 35, as an expert woodsman or business man, 35 to 40, and as a counsellor or judge of other men's troubles from 40 to 60. Roughly these divisions are in some extent still correct. Modern life, however, with its increased opportunities for travel and education, has so speeded up conditions that young men of business and politics have to be the veterans with acquired enough experience to allow them to rise to their prime early in life. At the other end of life, at least social conditions, and better medical attention have allowed physical efficiency to be retained far longer.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera, infantum and stomach troubles come without warning, and when a mother is not at hand to give prompt the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25¢ a box from Dr. Dr. Williams' Medicine Co., Rockville, Ont.

More than 12,000,000 bottles, tablets, and packets were mailed in English with multilingual stamps during a recent six months.

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Dr. Chase's Kidney-Liver Pills

One pill a dose, three a box. All dealers, or Edmundson, Bates & Co., Ltd., Toronto

World's Dairy Congress

Will Be Held in Three Cities of U.S. to Consider Questions of Broadest Import

In order to fully present the milk industry of the United States, the World's Dairy Congress will be held in three cities. It will open at Washington, D.C., on October 2. There the delegates will be officially welcomed and will have an opportunity to inspect the Government's laboratories, experiment stations and statistical and economic bureaus. The sessions held there on October 2 and 3 will consider questions of the broadest import.

The work of the National Dairy Council in promoting national health by educating the public as to the food value of milk and its products will be demonstrated for the delegates at Philadelphia, Pa., on October 4, under the auspices of the National and Interstate Dairy Councils.

Jordan Canals Urged

Canals to Irrigate the Plain of Jordan, round the Dead Sea, are proposed. Wide areas covered with fertile soil could then be cultivated.

A pleasant medicine for children is Mother Graves' Worm Expeller, and it is excellent for driving worms from the system.

Importance of Fur Trade

Value of Furs Sold Show Heavy Increase Over Previous Year

Anybody who imagines that Canada's fur trade is not an important item in the business of the country had better study the figures that have just been issued by the Dominion Bureau of Statistics. They would then realize more than ever the truth of the old adage that "the infant life of Canada was nourished by the fur traders." The astounding figures issued by the bureau show that in the season of 1921-22 the value of furs sold increased over the previous season by more than \$7,000,000. In that season the total value of pelts of fur-bearing animals taken was \$17,377,824, an increase over the previous season of \$7,236,740, or 71 per cent.—Victoria Daily Times.

New Plant Varieties

Canada First Country in the World to Adopt Patenting of New Plants

Through the efforts of the Canadian Council of Horticulture, endorsed by representatives from fruit and vegetable dealers, packers, jam manufacturers, growers, nurseries and amateur horticulturists (from all parts of the Dominion, Government registration of new plant varieties had been secured. L. E. Burrows, Ottawa, Secretary of the Council, told members of the Manitoba Horticultural and Forestry Association at a luncheon, and Canada was the first country in the world to adopt this Government patenting of new plant varieties.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada of Bayer Manufacturing of Monachheim (Germany of Health Brand). While it is well known that Aspirin means Bayer manufacture to most of the public against imitation, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

One-Third Of The Forests Of The World Within British Empire

Ottawa.—That one-third of the forests of the world were in the British Empire, was the statement made by Lord Lovat, Chairman of the British Empire Forestry Association, at its second convention here. Lord Lovat stated that the timber resources of the Empire were better known now than ever before, but that a great deal had yet to be learned about the annual destruction of forests through consumption, pests and fires. At his suggestion, the papers presented at the convention will be placed in the Dominion archives for future reference.

The party of delegates leave via the Canadian National Railway for a trip through Quebec and the Maritime Provinces. Following this they will proceed on August 12 to Western Canada to inspect lumbering conditions in British Columbia. The closing session will be held at Victoria on September 7.

Residing Lord Lovat, addresses were given by representatives from nearly every British possession in the world including the United Kingdom, India, New Zealand, Australia, South Africa, Ireland, West Africa, East Africa, Malay States, Ceylon and East Guinea.

The delegates were met at a luncheon, at which Lord Col. L. G. Courtpour, M.P., pointed out the needs of better education on forest protection. The two greatest hindrances to the preservation of forests, were ignorance and indifference. Having spoken of ignorance in high places, he said he wanted, as far as Canada was concerned, to congratulate it on having a Premier and other public men who are so much interested in the matter of forestry resources.

B.C. Forest Fire

Area of Several Hundred Acres Devastated By Flames

Vancouver.—Two men have been injured, and a logging camp, including bunkhouse and rigging, together with a considerable quantity of timber, has been destroyed by a forest fire at Menzies Bay, near the mouth of Seymour Narrows, about 120 miles north of Vancouver. The identity of the injured men has not been ascertained, but they have been removed to the Campbell River hospital.

The fire is reported to have commenced in worked-over slashings, and it is said to be raving over an area of several hundred acres. The fire is out of control, and is being fought by a crew of 70 men.

Expect Rush Of British Farm Hares

Railway Officials Making Arrangements To Handle Large Traffic

Montreal.—Preparations are being made by Canadian National Railway officials at Quebec and Halifax to handle the large traffic in British farm hares which is expected to begin about the second week in August. As a result of the reduction in fares advertised by steamship companies in the British Isles, it is reported several thousand young Britishers will cross the ocean. Most of them will be sent to Winnipeg for distribution.

Restocking Jasper Lakes

Winnipeg.—Restocking the lakes of Jasper National Park by Dominion parks officials is now under way. 20,000 Atlantic sea trout and 13,000 salmon trout fingerlings were liberated in two lakes on the Canadian National Railway. The sea salmon fry were liberated in Patricia Lake and the salmon trout fingerlings in Pyramid Lake. Much work along this line will be carried out within the next few weeks.

Shoppers' Negotiations

Montreal.—Rail shoppers' negotiations with the Railway Association of Canada for a new schedule of wages and working conditions will be held here this week. Some 25,000 shopmen employed on the principal railways in Canada are involved.

WESTERN EDITORS

Geo. H. Cameron, Editor and Proprietor of The Witness, Watson, Sask.

First Irish Appeal To Privy Council

Five Appeals Heard By Judicial Committee Were Dismissed

London.—The first petitions for leave to appeal to the Privy Council from Ireland since the Irish Free State was established, were heard by the Judicial Committee of the Privy Council, Lord Haldane presiding.

Prior to the creation of the Irish Free State Parliament the House of Lords was the final court of appeal for Ireland, as for the rest of the British Isles, but Ireland having become a Dominion the Judicial Committee of the Privy Council is the last court of resort for that country. The appeals, five in number, were dismissed.

Will Give Liquor Law Fair Trial

Premier Bracken to Appoint Strong Committee in Manitoba

Winnipeg.—"It is the purpose of the Government to appoint an advisory commission as possible, and to keep politics as far away from it as we can," declared Premier Bracken when commenting on the new liquor law in the course of the speech from the throne, delivered at the opening of the session. The legislation would be given a fair trial, he said, and nothing would be left undone to insure its success. In saying that, however, he appealed to the people to recognize their moral responsibility to get behind the Government in enforcement of the new law.

Appeal Is Dismissed

Privy Council Throws Out Case of Paper Company Against Newspapers

London.—The appeal in the case of the Fort Frances Pulp and Paper Company, Ltd., vs. the Manitoba Free Press Company, Ltd., and others, in connection with a claim to receive money paid in excess of prices fixed by the paper control board under the War Measures Act of 1914, was dismissed with costs by the Judicial Committee of the Privy Council.

The judgment states that the appeal raised questions of some novelty and delicacy.

King's Yacht Aground

Southampton, Eng.—The King's yacht Britannia ran aground on the Shober sands near the mouth of the Thames at the completion of the first round of a race. She lies high and dry and her position is regarded as serious. The King was not on board.

Entertain Senators From Canada

Paris.—Premier Poincare entertained at dinner Senator Dandurand, Senator Beaulieu and other members of the mission accompanying the Canadian travelling exhibition now touring France.

More Traffic Through Soo Canal

Last Month Shows 70 Per Cent. Increase Over June, 1922

Ottawa.—Traffic through the Canadian and United States canals at Sault Ste. Marie during June showed an increase of 5,657,025 tons or over 70 per cent over June of 1922. Wheat increased 12,650,590 bushels, or 165 per cent.

During June last there was a total of 18,969,000 bushels of Canadian grain passed through the canal destined to Canadian ports and 5,914,062 bushels for United States ports. Of this total of 25,543,062 bushels Canadian vessels carried 19,288,057, while United States vessels carried 6,625,617 bushels.

Self-Government Is Success In India

Experiment Has Been Justified, Says Sir Frederick White

Simla, India.—Remarkable success has attended the greater measure of self-government extended to the Indians three years ago according to a statement made by Sir Frederick White, President of the Legislative Assembly of India, speaking at a banquet given in his honor here. The first three years of the Indian Parliament, he said, has proved this.

Railway Construction Activity

Ottawa.—Employment conditions throughout the country showed a slight improvement on July 1. Reports to the Bureau of Statistics from 5,555 firms, with an aggregate of 815,125 persons, showed an increase of two per cent. The greater activity is indicated in the Western and Maritime Provinces. The most notable increase in employment is on railway construction and maintenance, which is up to 149.

Establish Grain Station

Hamburg.—The Russian Soviet Government, it is learned, will establish a grain receiving and distribution station here. Russia's export grain will be cleared through this station.

Speeches Of Poincare Do Not Appeal To Mr. Lloyd George

Beaten By Turkey

Turkey Wins War Against Allies Which She Began in 1914

New York.—Commenting on the Lausanne treaty, the Times says that on the principle that peace is better than war one can be said that the Lausanne negotiations have ended in the signing of a treaty, but that is about the only occasion for rejoicing.

The treaty writes into history the fact that the great powers were beaten by the Turks because of their own moral and intellectual shortcomings, declares the Times, adding that, while the Allies were beaten, the Greeks and Armenians will have to pay the bill. "Nevertheless, since the powers entered into a Near East arrangement which really settles nothing, they will have to pay their share in due time," the paper asserts. "The Morning World declares that 'the promises of humanitarian obligations have again yielded to political necessities,' and the Turks included have again won a victory for their nationalism which the Central Powers in a military alliance could not win for their armies."

The World adds: "It is fitting that victory in Constantinople should celebrate the signing at Lausanne and the news that in 1923 Turkey has won a war against the Allies which she began in 1914."

Ban Wheels Of Fortune

Edmonton Mayor Puts Clamp on This Sporting Practice

Edmonton.—No more wheels of fortune will be allowed in the city under any conditions, is the edict set forth by Mayor Dugan.

Wheels were allowed over the city the class "A" circuit of the city and were run here, but the Mayor declares he was not responsible for, as he simply allowed the same practice here as at the other fairs on the circuit and the ruling against wheels of fortune being a Government affair, should be taken care of by the Attorney-General's Department. City authorities have stopped local organizations running wheels at their affairs in the past, and state they will do so in the future.

German Arrest French Courier

Berlin.—The Berlin newspapers report that the German police have arrested a French courier belonging to the French Embassy in Berlin, in an express train near Hagen, on the edge of the Ruhr. Important documents intended for the commander of the French Ruhr army were seized, it is said.

Withdraw Troops

Kingsston, Ont.—The troops are being withdrawn from Sydney, N.S., as a consequence of the settlement of the miners' strike. The Royal Canadian Horse Artillery and dragoons from permanent force units left on Tuesday for this city.

Beat By Turkey

Bristol, Eng.—Former Premier Lloyd George made a fierce attack on M. Poincare, the French Premier, in a speech last night objected to M. Poincare's habit of making speeches on Sunday, which, he pointed out, was a day consecrated to goodwill and hardly a day to "unravel the cylinders of carefully distilled hatred, with suspicion and anger among the nations."

Referring to past negotiations, Mr. Lloyd George said:

"I did not fall out with M. Poincare, but it was very difficult. Mr. Poincare's habit of making speeches on Sunday, which, he pointed out, was a day consecrated to goodwill and hardly a day to 'unravel the cylinders of carefully distilled hatred, with suspicion and anger among the nations.'"

The former Premier accused M. Poincare of "wickedly distorting" his speeches, and expressed the hope that the British efforts toward peace would not be converted into "muzzled" for further degenerating and scorching flames, which burn up the peace, prosperity, progress and happiness of mankind."

Increase In Butter Exports

Japan Was Canada's Best Customer During Month of June

Ottawa.—A remarkable increase in the quantity of butter exported during the past twelve months, compared with the previous 12 months, is shown by a report of the Dominion Bureau of Statistics. Cheese exports show a slight decrease.

Butter exported last June was 238,123 pounds, valued at \$119,232, compared with 223,339 pounds, valued at \$78,969 in June, 1922.

Last month's largest customer was Japan, which country took 58,892 pounds. Butter exports for the year ending June 30, were 2,569,633 lbs., compared with 8,696,772 pounds, the previous year.

Exports of Canadian cheese, in June, were 61,786 hundredweight, at a value of \$1,374,656, while for June, 1922, they were 70,920 cwt., value \$1,087,227. Cheese exported for the 12 months ended June, was 1,128,855 cwt., compared with 1,242,235 cwt., during the previous 12 months.

Fresh cream exported to the United States, in June, amounted to 329,626 gallons, value \$559,519, compared with 218,514 gallons and value \$347,957, in June, 1922. The United States took 241,077 gallons of fresh milk, in June, value \$45,827, compared with 45,229 gallons, value \$11,227, in June, a year ago.

Hungary's Wheat Crop Increased

Will Harvest 6,000,000 Bushels More Than Last Year

Washington.—Hungary's wheat crop this year is 6,000,000 bushels larger than last year's harvest. A cablegram from the International Institute of Agriculture at Rome to the Department of Agriculture placed the crop at 60,237,000 bushels with revised estimates of last year's crop at 54,714,000 bushels. All cereal crops in Hungary show larger yields than last year.

Roy Strikers For Time Lost

Montreal.—Striking track laborers employed by the Montreal Tramways Company in maintenance and new construction work, who demand increases in wages have gone back to work.

In addition to a five-cent an hour increase they are to receive pay for the four and one-half days they were off.

Create New Judicial Districts

Regina.—Two new judicial districts have been created in Saskatchewan, an order-in-council having been passed. Hon. J. A. Cross, Attorney-General, said. These are termed the Maple Creek and Leader districts and will have their centres at those two towns respectively.

No Side Reported

Washington.—No report of a skirmish in the Panama Canal has reached the War Department and officials state that any real obstruction to traffic through the canal would have been reported promptly.

DIDSBURY****Okanagan and Fruit Conservation**

The view is that of a flourishing new fruit district in the Okanagan Valley near which Mrs. Smith (right) has located her dehydration plant (bottom left).

THE fruit products industry of Mrs. M. B. Smith of Naramata, Okanagan Valley, is a story of Canadian initiative that has assumed large proportions. After extensive research work and experimenting on a small scale, Mrs. Smith in this year opens up a large plant for the dehydration of fruit at Poplar Grove, between Naramata and Penticton, where seventy fruit products will be prepared instead of eleven as sent out by Mrs. Smith from her ranch on the benches.

The site of the new factory is a point in the very heart of the fruit district and convenient to the railway. A siding of the Kettle Valley Railway will be run into the premises.

One of the most important factors of the enlarged scope of the new industry will utilize much of the fruit that would otherwise go to the waste, and that of the fruit must be in a treasured condition for dehydration and therefore much less ripe to ship.

Mrs. Smith was visiting on the prairies in the early stages of the war when conservation of food was beginning to be a vital question. She saw dried logan berries for the first time and it led her to dwell on the possibility of the dehydration of other fruits and vegetables. Later, visiting in the Okanagan Valley, she was much concerned over the large

quantity of fruit and vegetables that could not be shipped so, with broad vision and patriotic idea, she began the evaporation of fruit. Mrs. Smith made an extensive study of the work and persisted, despite the fact that men of experience declared that she could not dry fruit, other than apples. Now she is in the unique position of being the first one in Canada who has dried fruit, other than apples, on a commercial basis. Her dried peach is the only totally peeled peach on the market, either in Canada or the United States.

Mrs. Smith, being very much interested in movements to promote the practical usefulness of women, declares that there is a large opportunity for women in this work. Having no desire to keep a monopoly of the new industry of which she may be said to be the founder, she hopes that many women in fruit growing districts may start small evaporating plants to care for their surplus fruits, not only for their own households but also for export.

By dehydration a large part of the fruit and vegetables which otherwise spoil is saved. The products are so reduced in weight and bulk that on a railway car or one ship will carry as much dehydrated fruit as ten of fresh.

Mrs. Smith, in continuing to make a study of conditions, is opening up a new field and demonstrating that women are the natural housekeepers of the race.

WORLD HAPPENINGS BRIEFLY TOLD

Figures listed by the Bureau of Statistics show "Canadian" unemployment further debased.

Ancient "hempopolis" discovered north of Matsubaland, Africa, point to a very old civilization which has been lost for centuries.

Palmer of Raught Amundsen to carry out his plans for a flight across the North Pole was due to his plane being too light.

Maurice Noonan, thought to have been the oldest life saver in policy of service on Sable Island when he retired 10 years ago after 65 years' duty, died at Dartmouth, N.S., aged 90 years.

Thirty-five fur coats valued at \$2,000 were stolen from a Young Street store in Toronto in a robbery which is believed to have not lasted more than two minutes.

The first known case of an air liner pilot striking for higher wages occurred at Croydon, London, when a fight was delayed pending adjustment of the difficulty.

Hon. Mary Ellen Smith, former member of the Government of British Columbia and at present member of Vancouver City, has gone to Britain on a federal immigration mission.

The British embassy at Washington ought to be kept dry, out of regard for United States prohibition laws. Dr. J. H. Rushbrooke, of London, British Commissioner for Europe, told the British World Alliance.

The U.S. Chamber of Commerce has joined with the Wheat Council of the United States in a tentative agreement under which a joint committee will seek a solution of the wheat growers' problems.

A party of German scientists, headed by Hans Landberg, brother of the general, has sailed from Hamburg for Mexico to make observations of the solar eclipse September 10. Three minutes of cloudiness or rain would make their trip a failure.

Green Old Age Kept in Health by Dr. Hamilton's Pills

Their Occasional Use Keeps the System in Healthy Condition

A Mild Bowel Regulator

Easy to Take, Do Not Weaken or Sicken, Give Effective Action

With old age, nature's forces slow down, and need the assistance of Dr. Hamilton's Pills. They flush out the system, keep it free from poisonous wastes, make the bowels active and aid the stomach. To men and women past middle life Dr. Hamilton's Pills are of wonderful benefit. To keep regular, full of pep, in good spirits, use these vegetable pills frequently. 25c at all dealers.

Demonstrate Water Supply Systems

The Ontario Department of Agriculture is providing a motor truck to tour certain rural districts and demonstrate water supply systems, plumbing equipment and installation methods. The exhibits include an air pressure water system and kitchen and bathroom fixtures for the farm dwelling. One day is spent in each locality visited, lectures and demonstrations being given in the afternoon.

Mrs. J. W. Sampson Tells How Cuticura Healed Her Scalp

"I was troubled for years with a dry scalp and dandruff. There were small scales on my scalp and it itched and burned a great deal. My hair was very dry and lifeless, and fell out when I combed it. I began using Cuticura Soap and Ointment and after a few applications could see an improvement. I continued using them and in three months was healed." (Signed) Mrs. J. W. Sampson, 4705-32nd Ave. S., Seattle, Wash.

Keep your skin clear by using Cuticura Soap, Ointment and Talcum for every-day toilet purposes. Wash, scrub and rub. If any, with Cuticura Ointment; bathe with Cuticura Soap and hot water. Dry and dust lightly with Cuticura Talcum, a powder of fascinating fragrance.

Available at all drug stores. "Free from Itch" is the motto. "Cuticura" is the name. "Cuticura" is the name. "Cuticura" is the name.

W. N. U. 1483

To Protect Forests

140,000 School Boys to Watch For Forest Fires

One hundred and forty thousand Canadian school boys have been handed into a series of guards to watch for and prevent forest fires in the Dominion this year, according to an announcement made by the Canadian Forestry Association.

The new organization, which is known as the Young Canadian Forest Guards, is expected, save several million dollars worth of timber from fire ravages.

HEALTH FOR WALK DESPONDENT PEOPLE

From End to End of Canada Dr. Williams' Pink Pills Doing Good Work

There is not a nook or corner in Canada, in the cities, towns, villages and on the farms, where Dr. Williams' Pink Pills have not been used. You are one of the millions who have heard of them, and you know how they will help you. You have only to ask your neighbors and you can tell you of some run-down man, suffering woman, ailing youth or unhappy anemic girl who owes their present health and strength to Dr. Williams' Pink Pills. The success of this medicine is due to the fact that it sets directly upon the blood, making it rich and pure, and thus brings new strength to every organ and nerve in the body. Mr. Andrew P. Webb, Montreal, N.S., tells what Dr. Williams' Pink Pills have done for him as follows: "I was in a run-down condition, nervous and weak. The doctor called a nervous breakdown. My sister tried me to try Dr. Williams' Pink Pills. After taking several boxes I improved wonderfully and feel like a different person. I sleep well, eat well, and my nerves are stronger and with confidence I can recommend these pills to all weak, run-down people."

If you are suffering from any condition due to poor, watery blood, or look nervous, begin taking Dr. Williams' Pink Pills now, and you will see how your strength and health will improve. You can get these pills through any dealer in medicine, or they will be sent by mail, post paid, at six cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The All-British Cable

Trinidad and West Indian Governments Favorable to Scheme

Replying to a question in the House of Commons, Mr. G. Denham-Gore, Under-Secretary for the Colonies, said the government of Trinidad had accepted the proposals of the British Government in regard to a system of all-British cable communications.

The general attitude of the West Indian governments concerned was favorable to the scheme, said the under-secretary, and if the proposals submitted themselves to the Canadian Government it was hoped a beginning might be made with the execution of the plan in the coming autumn.

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure and satisfactory relief.

Soldiers' Settlement

British Soldiers Command Scheme of Settlement to Commanders

In connection with the Canadian Government's recent decision to place the machinery of the Canadian Soldiers' Settlement Board at the disposal of the British ex-service men practical evidence of the value of this assistance is seen in a letter received by William Jones, the British London representative from two English ex-service men who recently emigrated and are now settled at Melfort, Sask.

The letter says, among other things: "We have nothing but good to say of the treatment we have received. District Supervisor Dixon has given us invaluable advice and in every way he has proved a friend to us. We can sincerely recommend ex-service men who intend to settle on land to consider carefully the advantages of working under the soldier settlement scheme."

Settlement 7,000 Years Old

Numerous skull impressions, bone harpoons, arrowheads, grindeles, chisels and tools have been discovered in the remains of a settlement at Holme Gardens, Denmark. It is estimated the settlement is at least 7,000 years old. Although no human bones have yet been found, the excavator uncovered skeletons of elk, reindeer and other animals under a layer of peat several yards thick.

Keep Minard's Liniment in the house

2 IN 1 Shoe Polishes

More and Better Shines to the Box

Back to the Land Movement

German Workers in the Ruhr Adopt Gardening

When the German workers in the Ruhr, following their policy of passive resistance, declined to work for the French and Belgians, they turned in large numbers to market gardening. Sixty thousand cultural employees alone quit work, and many of them turned to field activities.

As a result the district is producing a vast harvest of vegetables and grain, and a real "back-to-the-land" movement is under way.

Miller's Worm Powders seldom fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthiness, without which the growth of the child will be retarded and its constitution weakened.

Yukon Gold

Last Year Near Record in Yukon Gold Output

Only once in the history of Canada was the gold production record set in 1922 exceeded, and that was in 1909, when the Yukon figures reached the peak of their climb. This year was made clear when that figures dealing with the gold production for 1922 were made public by the Dominion Bureau of Statistics. It is shown in the report that 1,263,541 ounces of gold were mined in the Dominion during 1922. The value is set at \$26,116,450, an increase of 26 per cent. above the previous year's figures. In 1906 a total of 1,350,957 ounces of gold were mined, valued at \$27,908,153.

The Druggists All Agree That "Pulmo's" Is Best

The oldest corn remover on the market is Pulmo's Corn Extractor—and it is the best. Your corns will all drop out after a few treatments with this painless remedy. Failure impossible. Refuse a substitute for Pulmo's. 25c everywhere.

The Herald Wins

Edward K. Bok, the publisher, is offering a prize of \$100,000 to the American citizen who can construct the most practical plan by which the United States may cooperate with other nations in forwarding the cause of world-peace. The best plan can be stated in five words: Join the League of Nations.—Hamilton Herald.

TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children was born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never get any more. One day a friend of my husband told him what the Vegetable Compound is and he bought it for me. After the fourth bottle I was a different person. I have four children now and I always find the Vegetable Compound a great help as it seems to make confidence in me. I recommend it to my friends."—Mrs. FRED H. SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire pregnancy. It has a great effect to strengthen and tone up the entire system, so that it may work in every respect during the entire pregnancy. Thousands of women testify to this fact.

Sir Geo. Foster to Tour West

Will Speak on Behalf of League of Nations Society

Sir George Foster, who is a member of the Executive Committee of the League of Nations Society in Canada, has arranged to make an extended tour in Western Canada during the next three months, during which he will address meetings in a number of cities on the objects of the league.

The first address will be delivered in Winnipeg on Aug. 21 or 22, followed by an address at Brandon two days later. He will appear at Regina on Aug. 23 and subsequently at Moose Jaw.

On September 20 Sir George will speak in Vancouver. On October 1, when he commences his homeward journey, he will be heard in Victoria, and there will also be two meetings in Edmonton and one each at Calgary, Saskatoon and Winnipeg.

As at present arranged the general secretary of the society, H. G. Ritchie, will precede Sir George on the purpose of assisting the local branches in organizing the branches and strengthening the society in the various centres.

Sir Robert Borden, President of the League of Nations Society in Canada, received word from Sir Arthur W. Currie, Principal of McGill, accepting the honorary treasurerhip of the society.

One hardly ever hears a man with calluses on his hands say the country is going to the dogs.

Sour Stomach Risings

Subdued by "Nerviline"

A Few Drops Bring Relief

The wonderful relief you get from Nerviline is a fact. Take it in sweetened water, and you will find it a most effective remedy. Nerviline brings up the gas caused by fermentation food, and relieves the distress of feeling in the stomach. When cold or even a little bit of indigestion, Nerviline is a sure relief. For general use in the family, Nerviline is always handy. Nerviline on hand. 25c at all dealers.

Trains For Height Record

French Aviator Experiments Under Guidance of Scientists

Saül Levatier, the French pilot, is after a new altitude record and has already reached 12,000 yards—in principle. He has not left the ground.

All day he sat in a glass cage like a bug in a bottle while scientists experimented with him. They sent the temperature of his case down to ten below zero, raised the air he was breathing and finally fed him from an oxygen tank.

All the time he had to manipulate a miniature set of airplane controls while the scientists watched through the glass for symptoms of distress. All they saw were a few shivers emanating from the middle of Levatier's fur coat.

The conditions are those that the pilot will find when he goes up to break Macready's record. He is using the glass case test as the best way of training for his flight and so scientists can see just what can be done in the way of perfecting his equipment.

Relieves Asthma at Once. If you could read the thousands of unsolicited letters received by the makers from grateful users you would realize the remarkable powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy. Why suffer or experiment with worthless preparations when the genuine Kellogg's can be purchased everywhere.

Supposed Wireless Records

German wireless telegraphy flashed 51,133 words abroad in one day recently, surpassing all previous records. Thirty-five thousand words were sent to the United States alone, while most of the remainder were sent to Spain, Italy, Russia and Egypt. The bulk of the traffic was at Napa and at the El Estero station.

How Like a Man

Mabel—"I don't see why you should hesitate to marry on \$250 a year. Dad says my gown never cost me more than that."

Gerard—"But we must have some thing to eat." Mabel—"Isn't that just like a man. Always thinking of his stomach!"

Minard's Liniment Heals Cuts

MAGIC BAKING POWDER

Magic Baking Powder has been known and used all over Canada for more than 25 years. It has set and maintained the standard for goods of its class. Its use is increasing daily because of its strength, purity and universal satisfaction.

Pure food insures good health.

Magic Baking Powder insures pure food.

BURNSIDE

The Burnside school was well filled Friday night last to hear the Wheat Pool discussion at the U. F. A. meeting.

Mr. and Mrs. Tom Finlay spent Sunday with Mr. and Mrs. Ed Barnes.

Mr. Joe Munson is spending a few days at home but is returning to Vulcan to harvest a bumper wheat crop. Mrs. Munson will also go to Vulcan for an extended visit.

School starts September 1st.

Mr. and Mrs. Alex Leiper have moved to the Wm. Langville place which they leased from the S. S. B.

Mr. Beaudet of Vernon B. C. is visiting his daughter, Mrs. Bert Pross.

We are sorry to hear of the death of Mr. Thomas Patterson of Oyen, a former resident of the district. About four years ago he married Agnes Axelson, only daughter of the late Edward and Mrs. Axelson, now of Omak, Washington. Two young sons are left to mourn the loss of a loving father.

C. U. C. NOTES

At the C. U. C. on Saturday evening after an interesting game of

Coffee Drinkers

ARE YOU A GOOD JUDGE OF COFFEE?

To some people coffee is just coffee—something to drink—but there are others who are most particular about their coffee, they are judges of coffee. We like customers who are most particular about their coffee because we know if they once try some of our HUB SPECIAL COFFEE they will be regular users.

If you have not yet tried this brand be sure to get a lb. of HUB SPECIAL with your next order, price 50c per lb.

You are always sure of it being fresh as it comes in the BEAN and we grind it for you as you order it.

tensile, the players being, Melville White, Alvin Plonger, Eric Sworn and Harvey Hosgood, a social evening was held, opening with a dance. Miss McIntyre presiding at the organ capably rendered some excellent music. Miss Hazel McInnes then obliged with a song, which was much appreciated. Mrs. Oliver told a story bringing forth much applause. Billy Brown gave a recitation which greatly amused the crowd. Aylmer Hayes sang a song and was heartily encored. Chris Daniel dressed as a minister preached a sermon which caused quite a little amusement. Chris missed his calling. Miss Jessie Vipond caused a lot of laughter with a little story.

The Company began to wend their ways homeward about eleven p. m.

after a splendid evening.

Charlie Stumpf unfortunately dislocated his shoulder while doing road work last week, we are pleased to report he is well on the road to recovery now.

The following members passed from Grade VIII to Grade IX: Jessie Vipond, May Oliver, Charlie Brown, Percy Hosgood and Aylmer Cowitz. The Club congratulates them on their success.

Some of our members took in the Old's stampede and dance at night, they were, the Misses Viponds and Messrs Palm McInnes and Charlie Stumpf. They report having a splendid time.

Miss McIntyre of Didsbury is holidaying with Miss Hazel McInnes.

Wheat Pooling

WE DO NOT QUITE UNDERSTAND

But we can understand why you should pool your eggs, butter and other produce, including your small change, and bring them to us in a bunch.
